Our past and future gather together in these two pages. Even if we understand that the past and the future are nothing more than two different ways of interpreting the present, two separate paths that have the same starting point and that seem resembling each other, as we watch them moment by moment. Cierre logo changes as well and transforms like the present time, following a desired need, a craved evolution. On the left side there is our history, made up of strong and rounded harmony, the result of a solid and reliable guarantee for all the people who have trusted us over the years. On the right side is our vision of the future, a rapid boost in the direction of new ideas, those we are passionate about and especially belong to us, our clear and loud message to the world.

cierre1972

In queste due pagine ci sono il nostro passato ed il nostro futuro, ma noi sappiamo bene che essi non sono altro che due modi diversi di interpretare il presente, due strade differenti che hanno avuto la stessa origine e che si somigliano, se le osserviamo istante per istante. Anche il logo di Cierre cambia e si trasforma come il presente, un'esigenza voluta, un'evoluzione attesa. A sinistra c'è la nostra storia passata, fatta di solida e rotonda armonia, di garanzia concreta, rassicurante per le persone che a noi si sono affidate in questi anni. A destra c'è la nostra visione del futuro, una spinta veloce verso nuove idee, quelle che ci appassionano e soprattutto ci appartengono, il nostro messaggio chiaro e forte dichiarato al mondo.

The combination of past and future is expressed above all in the choices we make today. Together, because we are a family, an eclectic experience that has gone through three generations. The real choice was to build our house right here, where our production is carried out, so that everyone could see it, especially those who contributed to it. And everyone could decide to be a part of it.

Il connubio tra passato e futuro si esprime soprattutto nelle scelte che facciamo oggi. Insieme, perché siamo una famiglia, un'esperienza eclettica che ha attraversato tre generazioni. La vera scelta è stata quella di costruire la nostra casa proprio qui, dove si trova la nostra produzione, affinché tutti la potessero vedere, soprattutto chi ha contribuito a realizzarla. E tutti decidessero di farne parte.

If yesterday we were able to interpret the taste of others wisely, offering every time a contribution of excellence in the execution, today we can do more, today we are the artisans who will be able to realize, for those who want, a new ideal of living, ours.

Se ieri siamo stati capaci di interpretare sapientemente il gusto di altri, offrendo ogni volta un contributo di eccellenza nell'esecuzione, oggi possiamo fare di più, oggi siamo gli artigiani che sapranno realizzare, per chi lo desidera, un nuovo ideale di living, il nostro.

In our journey between past and future we met a pleasant place of contradictions and we called it Tab. Here the order of things is only what we want it to be, and modernity is a flashback of the 70s. Its style is an idea of linear elegance, without glitz. Its environment is a city scenery, surrounded by an almost ethnic atmosphere. And space finds its balance in a revolution, because it has no definite geometric constraints, except those desired by our well-being. Tab decomposes, multiplies or mirrors itself. Welcoming lines, soft and clean, which find their coherence in an asymmetrical frame, so unique, each time original.

Nel nostro viaggio tra passato e futuro abbiamo incontrato un luogo piacevole di contraddizioni e lo abbiamo chiamato Tab. Qui l'ordine delle cose è soltanto quello che noi vogliamo che sia e la modernità è un flashback degli anni '70. Il suo stile è un'idea di eleganza lineare, senza sfarzi. Il suo ambiente è uno scenario cittadino, immerso in un'atmosfera quasi etnica. E lo spazio trova il suo equilibrio in una rivoluzione, perché non ha vincoli geometrici definiti, ad eccezione di quelli desiderati dal nostro benessere. Tab si scomponete, si moltiplica o si specchia. Linee accoglienti, perché morbide e pulite, che trovano la loro coerenza in un quadro asimmetrico, quindi unico, ogni volta originale.

A modular sofa, with which different compositions can be created, by combining the available seating units. The composition can then be enriched with back- and arm-rests and coffee tables, fitted to the sides of the sofa by a suitable metal bracket, painted matt in 7 RAL colours or in 3 chromed finishes Black, Polished and Gold. As to the coffee tables, the choice is between 3 models and 5 different ceramic finishes. The backrest mechanism changes the depth of the seat, adapting it to our desire for comfort. An important detail: on the corners of the seat and back units there is a "bugia" that can be in contrasted colours or materials, compared to the main covering. Un divano modulare in cui diverse composizioni possono essere create combinando le misure di seduta disponibili. La composizione può essere poi arricchita con schienali, braccioli e tavolini, collegati ai lati del divano mediante un'opportuna staffa di metallo, verniciata opaca in 7 colori RAL oppure nelle 3 finiture cromate Nero, Lucido e Oro. Per i tavolini, la scelta invece è tra 3 modelli e 5 finiture ceramiche differenti. Il meccanismo dello schienale modifica la profondità della seduta, adeguandola alla nostra voglia di comfort. Un importante dettaglio: negli angoli di seduta e schienale è presente una bugia che può essere rivestita a contrasto con colori o materiali diversi rispetto al rivestimento principale.

An explosion of comfortable shapes supported by a rigid geometric frame. Imagine the opacity of the painted metal or the brilliance of the chromed details mixing with the fabrics and a universe of leathers. The beauty of this armchair, which is a hymn to the Bauhaus, immediately defines the style of every space that will host it. Un'esplosione di comode forme sostenuta da un rigido telaio geometrico. Immaginate poi l'opacità del metallo verniciato o la brillantezza dei particolari cromati mischiarsi ai tessuti e a un universo di pelli. La bellezza di questa poltrona, che è un inno alla Bauhaus, definisce immediatamente lo stile di ogni spazio che vorrà ospitarla.

Gradually takes shape the scenery that we imagined for our modern home, a place where shapes come together to create simple objects, of that simplicity that typically comes from far-reaching research processes. Linear objects that can fulfil their function and at the same time define a precise, unequivocal idea of style.

A poco a poco prende forma lo scenario che abbiamo immaginato per la nostra casa moderna, un luogo in cui le forme si assemblano per creare oggetti semplici, di quella semplicità che tipicamente nasce da profondi processi di ricerca. Oggetti lineari, che possano assolvere alla loro funzione ed allo stesso tempo definire una precisa, inequivocabile idea di stile.

Once again, modernity, as we interpret it, is an orderly interweaving of materials and experiences. The object that more than any other is intended to provide for our comfort has been imagined here as a precise parametric game, at the same time able to give, thanks to the jump from leathers to fabrics, extraordinary visual and tactile sensations.

Ancora una volta la modernità, così come la interpretiamo, è un intreccio ordinato di materiali ed esperienze. L'oggetto che più di ogni altro è destinato a prendersi cura del nostro comfort è stato qui immaginato come un preciso gioco parametrico, allo stesso tempo però capace di regalare, grazie al salto dalla pelle al tessuto, straordinarie sensazioni, visive e tattili.

Modern is also the state of mind of those who shun the habit and decide to dare, such as the jagged lines, the strong features and slim shapes manage to do.

Moderno è anche lo stato d'animo di chi rifugge dalla consuetudine e decide di osare, come riescono a fare le linee frastagliate, i tratti decisi e le forme snelle.

Furnishing a space is taking care of that space and make it into a place where it is worth staying and a pleasure for your eyes, it is a task that we have entrusted to a broken line imprinted on a black and monolithic background. Arredare uno spazio, cioè prendersi cura di quello spazio perché diventi un luogo in cui valga la pena restare e dare piacere agli occhi, è un compito che abbiamo affidato ad una linea spezzata impressa su uno sfondo nero e monolitico.
